Another Credit Card Skimmer Located at a Convenience Store

On March 30, 2022, at approximately 8:30 AM, Manchester Police responded to the 7-11 at 557 Maple St for a report of a credit card skimmer found on one of the card terminals.

The skimmer, which steals credit card numbers, was located on a terminal inside the store. A customer had found the skimmer while making a purchase and notified the clerk. The device looks identical to the legitimate card scanners in the store.

This incident is under investigation, but at this time there is no information as to who put it there or how long it was in place.

This is the third skimmer located in a Manchester store in a week. Manchester Police are asking merchants to please check your credit card scanners on a daily basis. These devices can be snapped onto a card reader within seconds.

Anyone who sees suspicious activity on their account should call their financial institution and Manchester Police at 603-668-8711.
